EDUCATION

University of Mumbai – Thadomal Shahani Engineering College

Bachelor of Engineering (Artificial Intelligence and Data Science) (Current GPA: 8.83 / 10)

- Computer Networks, Operating Systems, Database Management, Deep Learning, NLP

Expected: June 2026

Mumbai

S.I.E.S College of Arts, Science and Commerce

Higher Secondary School Certificate (Percentage: 86.5)

- Courses: Computer Science, Physics, Chemistry, Mathematics

March 2022

Mumbai, India

Swami Vivekanand High School

Secondary School Certificate (Percentage: 93.4)

March 2020

Mumbai, India

INTERNSHIPS

Government of Maharashtra

Web Team Lead and Fullstack Developer

November 2024 – May 2025 [\[Certificate\]](#)

Mumbai

- Led a team of 8 to build the digital platform for the Maha CSR Summit 2025, including a real-time slot booking system and PhonePe payment integration.
- Architected and deployed scalable backend systems using AWS Amplify, DynamoDB, and Route 53, ensuring reliability during high-traffic event periods.

Dalsey, Hillblom and Lynn (DHL)

Data Analytics Intern

June 2024 – July 2024 [\[Certificate\]](#)

Andheri, Mumbai

- Built interactive Power BI dashboards to analyze delivery efficiency, route performance, and operational cost metrics across regions.
- Automated reporting workflows using Power Automate, improving operational visibility and contributing to a 15% efficiency increase.

Outlier AI

RLHF Trainer

Part-Time, 2023 – 2024

Remote

- Evaluated and refined model outputs across text and multimodal tasks using Reinforcement Learning from Human Feedback (RLHF).
- Provided structured annotations and comparative scoring to improve reasoning, alignment, and user-response quality.

SKILLS

Frameworks: React.js, Next.js, Flask

Languages and Technologies: Python, JavaScript (JS), C, Java, HTML, CSS

Databases: MySQL, MongoDB, Firebase, Pinecone, DynamoDB

Platforms: GitHub, Firebase

Version Control: Git

CI/CD: GitHub Actions, AWS Amplify

ML Frameworks: Tensorflow, Pytorch, Scikit-Learn, Hugging Face, Langchain, LangGraph

Tools: Power BI, Power Automate, Kali Linux (Burpsuite, Nmap, SQLmap)

PROJECTS

Multi-Agent System for Adaptive Production Scheduling | *LangChain, LangGraph, CrewAI, Python*

- Developed and compared three multi-agent architectures (pure Python, LangChain, CrewAI/LangGraph) for dynamic job scheduling and resource allocation.
- Implemented custom agent communication protocols, role-based agent teams, and adaptive state routing to handle delays, machine downtime, and priority shifts.
- Benchmarked throughput, idle time, and rescheduling latency to evaluate performance trade-offs across each MAS design.

Custom University-Specific Small Language Model (SLM) | *Python, NumPy*

- Built a transformer-based Small Language Model entirely from first principles, including custom tokenizer, attention layers, and gradient updates.
- Trained on curated university-specific datasets to answer academic, admission, and campus-related queries with improved contextual accuracy.
- Achieved higher relevance and reduced hallucination compared to retrieval-only baselines.

InkChat | *Next.js, TypeScript, WebSockets*

Jul 2022 – Nov 2022

- Developed a real-time collaborative whiteboard with simultaneous drawing, annotation, and chat interactions.
- Implemented synchronized canvas updates with low-latency WebSocket communication for multi-user consistency.
- Optimized rendering and data flow to ensure smooth performance during large collaborative sessions.

Farmissan | *React.js, Firebase*

- Built a farm-to-consumer marketplace enabling direct sales and improved revenue for producers.
- Implemented real-time product listings, geolocation-based discovery, and secure authentication/workflows using Firebase services.
- Added review and feedback features to increase trust and improve repeat user engagement.

EXTRACURRICULARS

AceRyx <i>Lead Founder & Developer</i> <ul style="list-style-type: none">Found and lead a services platform offering custom website development, chatbot solutions, and digital consulting services.Spearhead end-to-end project delivery from client consultation to implementation, focusing on tailored AI-driven solutions.	Aug 2025 – Present <i>Remote</i>
Competitive Programming & Hackathons <i>Technical Lead</i> <ul style="list-style-type: none">Participated in 10+ national-level hackathons, securing multiple top-3 finishes with a focus on AI/ML-driven problem solving.NeedForCode 3.0 Hackathon (Winner, 2024)<ul style="list-style-type: none">Led development of <i>DigiDaani</i>, a MERN-based ration distribution platform with real-time inventory tracking.Implemented secure authentication and 360° face verification using MediaPipe to prevent identity misuse.Codeissance (First Runner-Up, Sept 2024)<ul style="list-style-type: none">Built <i>Place-U</i>, a placement and interview-preparation platform with ML-driven interview feedback and resume scoring.Implemented mock interview simulations, chatbot workflows, and resume-builder modules.AI Challenge Competition (Second Place, 2024)<ul style="list-style-type: none">Created analytical dashboards and cybersecurity risk assessment reports highlighting AI-driven anomaly detection.	2023 – 2025 <i>Mumbai, India</i>

VOLUNTEERING

Science O Mania Science Fair <i>Student Mentor</i> <ul style="list-style-type: none">Guided Grade 12 students in developing a hardware-based soil monitoring and analysis system for exhibition.	Nov 2025 <i>Mumbai, India</i>
Social Media Bots (Open Source) <i>Developer</i> <ul style="list-style-type: none">Developed and maintained scalable automation bots for Discord and Reddit communities serving 23M+ collective users.	2023 – 2024 <i>Remote</i>
InAmigos Foundation <i>Volunteer</i> <ul style="list-style-type: none">Assisted in planning and executing social welfare programs supporting marginalized communities.	[Certificate] <i>Mumbai, India</i>
Ratna Nidha Charitable Trust <i>Book Collection Drive Organizer</i> <ul style="list-style-type: none">Led a community-driven book donation initiative to expand educational access for underprivileged students.	<i>Mumbai, India</i>
